

BHARGAVI PATEL

FULL-STACK DEVELOPER

+91 99787 76575 | work.bhargavi@yahoo.com | Surendranagar, Gujarat

ABOUT ME

Frontend Developer with expertise in building responsive, user-friendly web apps using React.js, Next.js, and Tailwind CSS. Skilled in translating Figma designs into functional UIs, integrating RESTful APIs, and managing state with Redux Toolkit and React Query. Focused on clean code, performance optimization, and delivering scalable, high-quality solutions.

SKILLS

- React.js
- Next.js
- TypeScript
- JavaScript
- Redux Toolkit
- React Query (TanStack Query)
- Tailwind CSS
- Bootstrap
- RESTful API Integration
- Node.js (Basic)
- PostgreSQL
- Wordpress
- MySQL
- Git
- Github

EXPERIENCE

Slang Media [Hybrid - Morbi (Gujarat)]

JUNIOR FRONT-END DEVELOPER

September 2024 - April 2025

As a Frontend Developer, I developed and optimized dynamic, scalable web applications using React.js and Next.js, focusing on performance and user experience. I implemented and integrated RESTful APIs to ensure smooth backend communication and leveraged Redux Toolkit and React Query (TanStack Query) for efficient state and data management. I crafted responsive, visually consistent UIs using Tailwind CSS and Bootstrap, adhering to modern design principles.

Additionally, I collaborated with cross-functional teams and utilized Node.js for minor backend tasks, contributing to a more cohesive development workflow.

Slang Media [Hybrid - Morbi (Gujarat)]

INTERN FRONT-END DEVELOPER

July 2024 - September 2024

Built and maintained responsive, high-performance web applications using React.js during my internship as a Frontend Developer. Collaborated with backend teams to integrate RESTful APIs, ensuring smooth data flow and optimal user experiences. Utilized Redux Toolkit and React Query for efficient state management and data caching. Designed consistent, device-friendly UIs using Tailwind CSS and Bootstrap. Actively participated in code reviews and team stand-ups, contributing to agile development cycles. Focused on writing clean, reusable code and followed best practices to enhance code maintainability and scalability.

EDUCATION

Eklavya School
SSC -GSEB Board
78%

2018 - 2019

SREZ College
Diploma (Computer Engineering)
8.76/10 CGPA

2019 - 2022

Lukhdhirji Engineering College
B.E. (Information Technology)
8.09/10 CGPA

Pursuing

PROJECTS

HRM & Task Management

Streamlined HR operations and task tracking by developing key UI modules based on Figma designs. Built a clean and responsive frontend using React, TypeScript, Tailwind CSS, and shadcn/ui. Integrated backend APIs efficiently with Redux Toolkit and React Query (TanStack Query), leading to improved system performance and enhanced user productivity across HR workflows.

Catloga – Digital Tile Catalogue Platform

Engineered a user-centric, responsive frontend for a digital catalog platform tailored for tile manufacturers. Translated complex Figma designs into high-quality UI components, enhancing the catalog's accessibility and visual appeal. Leveraged Redux Toolkit and React Query for optimized data fetching, helping manufacturers streamline digital presentation and organization of tile collections.

CERTIFICATION

Acquired comprehensive knowledge in building dynamic web applications with a focus on React.js. Well-equipped to create scalable and efficient applications, mastering React's component-based architecture, state management, and modern development tools.
